

## Risk Management 2017/18 statement

The Interim Executive Board of Ormiston Six Villages Academy reviews the Risk Register every six months. The process that is followed is set out below:

- The Principal and SLT review the Risk Register at termly SLT meetings
- The Principal reports any changes that are proposed to the IEB following SLT discussions or an event that might increase risk to the Academy
- The IEB challenge and record any agreed actions or otherwise
- The Academy then circulates the new Risk Register to appropriate internal staff for their information
- The final version is forwarded to the Academy's sponsor, Ormiston Academies Trust.

**The Risk Register was last reviewed by the IEB on 24<sup>th</sup> May 2017. All identified risks have been assessed and risk mitigation measures put in place. There are no outstanding areas of concern**
