

# The Geography of

# Disney

# Where are your films set?

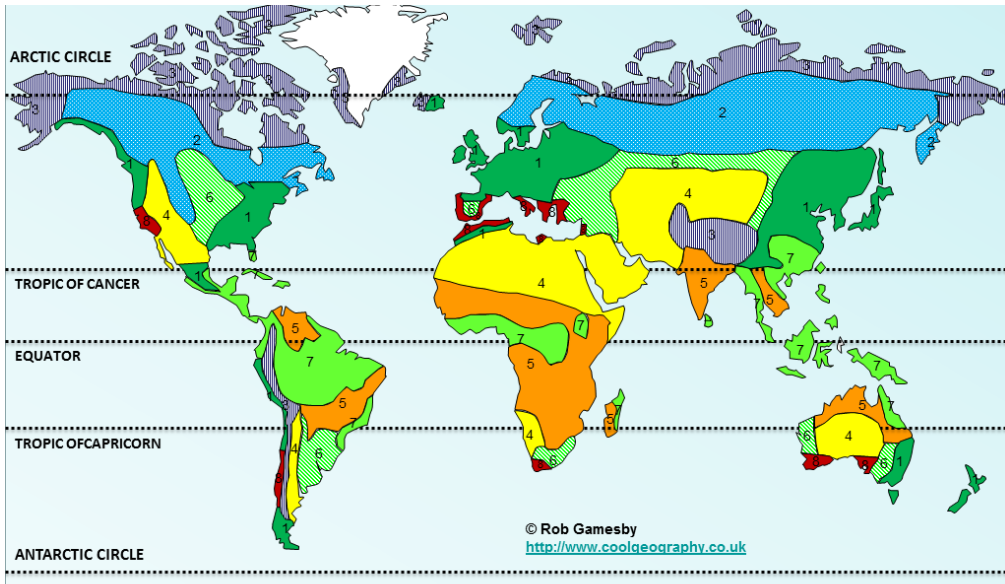

1. On your blank world map, choose at least 10 Disney films, find their location on the map and locate them. Like this:

**The  
Jungle  
Book,  
India**

You must put the name of the film and the location (place) it is set!

7	Tropical Rainforest	6	Grassland
5	Tropical Savannah	1	Temperate Deciduous Forest
4	Desert	2	Temperate Boreal Forest
8	Chaparral (Mediterranean)	3	Arctic and Alpine Tundra

**Map of world  
ecosystems  
(biomes)**

2. Can you link any of your favourite films to a biome?

Go back to your map and think about which biome they are set in.

What would this biome be like?

Add some adjectives to describe the biome.
