

# Six Villages Library Newsletter

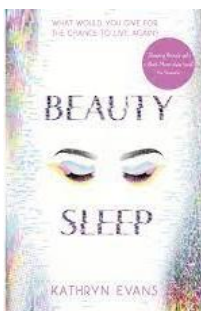

In this month's issue of our library newsletter we have: book recommendations from an English teacher; new books that are new in the library; information about a literature quiz and more.

---

I would like to give a huge thanks to Kathryn Evans who came in in October to talk to us about her new book, 'Beauty Sleep'. It was an incredible to have that opportunity.

---

We are lucky to have a multitude of new books in the library as well. Two of them being 'Beauty Sleep' and 'More of Me' which were both written by Kathryn Evans.

These are not the only new books that are in the library, we also have:

~Scarlet and Ivy series by Sophie Cleverly

~ Holly Webb's animal series

~Darren Shan's Zom-B series

We are really fortunate to have an awesome opportunity for the coming up for the year 7 & 8 students. The Chichester Literature quiz is a book quiz where you compete with other schools and you get to meet four amazing children's authors. It would be a great experience so keep an eye out for when we have more information.

---

If you didn't already know, we have a small manga section in our library that is becoming more popular. We need more mangas to continue to build the section. If you have any old or unused manga books, in good condition, we would be very grateful if you would donate them to our library.

There are graphic novels in as well. We have the Alex Rider series as both the graphic novel and standard version. Graphic novels are great fun to read and might help you enjoy the book more so head down to our library to have a look.

This month's book has been chosen by one of our student librarians, Will Ashton (8O.)

My chosen book of the month is....

Artemis Fowl:

*'I have chosen this book because I think it has an amazing storyline, good characters, (and dialogue too!), and mixes action and adventure with comedy and fantasy. It is an 8 book series. The story begins with Artemis fowl, a genius child, getting the fairies version of a bible off of an old fairy living in the human world. He then continues to translate it, and learns all about the fairy people. I need to quickly add that when I say fairy, I don't mean fairy in a pink dress, I mean an advanced civilisation living underneath the earth's surface, with crazy technologies and other futuristic devices. Anyway, he then continues to hatch a plan to capture a fairy while it performs a ritual necessary to its survival. If I were to describe the whole story it would take up pages, so I will leave it for you to find out...'*

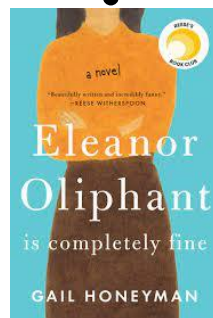

Thank you Will for our book of the month.

As well as the book of the month, we also have 2 books suggested by teachers as well. For November Miss Marks from the English department has given us her favourite book from

childhood and her most inspirational book.

Malorie Towers by Enid Blyton was chosen as the book from childhood. Miss Marks chose this because it's *'about friendship, girls getting along and a lot of adventure.'*

Eleanor Oliphant is completely fine by Gail Honeyman was chosen as the most inspirational because *'the main character has mental health issues, and it shows that friendship can help you through the darkest times.'* Miss Marks has recommended this book for year 10 & 11. Thank you, Miss Marks for your recommendations.

Talking about books, we have lots of them in our library -about 7,500 to be more specific! If you are struggling to find a book we have plenty of people who will help you find one.

We have loads of games in the library, such as Uno, Connect 4, chess and more. The library is such a fun place to be at break or lunch. Spending time in the library with your friends, or own your own, provides a calm nice place to chill out. As it's becoming colder outside, having the library as our inside place is great to keep warm and keep on having fun through this term.

By Senior librarian, Farrin Maleki-Rae
