

<p>CURRICULUM PROGRESSION PATHWAYS SUBJECT: RELIGIOUS STUDIES HOD: Mr C Marsh 2022/23</p>	<p>Quality of Education: Curriculum is planned and sequenced so that new knowledge and skills build on what has been taught before and leads towards a clearly defined end point.</p> <p><i>In Religious Studies, we strongly believe that our learners are exposed to the central questions that should be asked by every thinking human: What is the nature of morality? Does God exist? What can we know? What is the nature of reality? Who are we? Do we have free will? Is there life after death? No other subject can excite the teenage mind so much and few other subjects can form adults who think critically about all aspects of the world around them</i></p> <p>Vision: The Humanities department at Ormiston Six Villages Academy is responsible for teaching our students Geography, History and Religious Studies. Our vision is to create students who are enthused and engaged by the Humanities subjects, who find themselves wanting to know more. We aim for all students to think critically about the world around them and the world that came before them.</p>
