

ORMISTON SIX VILLAGES ACADEMY

10th November 2023

Dear Parents and Carers

Please find this week's notices below:

Act of Remembrance

The whole academy community came together at 11am this morning to remember those who made the ultimate sacrifice to protect our peace and freedom. In spite of the weather, our service proceeded with students sheltering under the covered ways around the courtyard, staff and students heard poems and readings, the Last Post and observed the two-minute silence.

Satchel One – Important notice

In September, Satchel One emailed all Year 8-11 parents and carers prompting them to verify their existing account before 31st October to avoid account deletion. Parents and carers who did not verify their accounts will now find that they can't login.

At the foot of this letter, you will find instructions on recovering your account.

Year 11 mock exams

I'd like to share with you how impressed we have all been this week with Year 11 in their approach to their exams; they have demonstrated a firm grasp of exam regulations and we are very proud of them.

One small point, please take a moment to check your child's maths equipment ready for next Wednesday's maths paper 2 exam. They need a calculator, ruler, protractor, pencil, pen and a pair of compasses.

Year 7 - Music for all

As you are aware we are looking forward to showcasing this term's work in our upcoming academy Winter Concert on **Thursday 7th December** at 6pm in the Gate Theatre.

We are now asking parents and carers to confirm their child's attendance on this date as the Year 7 cohort will play their instruments together as part of this event. Please complete [this form](#). If you have any questions, please contact Mr Munt on dmt@ormistonsixvillages.org.uk.

We look forward to a wonderful evening.

What parents and carers need to know about Microtransactions?

Microtransactions figure in the business model of many game and app developers, allowing them to bring in ongoing revenue as users continue to pay for extra features and content; even software that's initially free to download can be monetised in this way. It's a system which has featured in many of younger gamers' perennial favourite franchises, from Fortnite to FIFA.

As well as encouraging regular spending, however, microtransactions – especially the increasingly common use of loot boxes – have also been scrutinised for what many argue is a resemblance to gambling, with the potential to foster addictive behaviours.

- Gateway to gambling
- Addictive nature
- Spending
- Collection of personal data

Advice for parents and carers

- do your research to see if the games your child plays have buying options
- Chat about the element of 'chance' with these games – they could pay and still not get what they want
- Ensure your child has a balanced routine and is not becoming addicted to the games

WSSC Holiday Activity and Food programme – winter HAF bookings

Bookings for the winter HAF programme can now be made. Families will need to use the [online booking service](#) to make all bookings. If you used the system during the summer, you will be able to log in. If you have not used it before, you will need to register for an account. THE OAT MATHOLYMPICS CHALLENGE 2023

Bonjour! MathOlympics is back with a french theme, to celebrate Paris 2024

This term our challenges are timed to coincide with **Maths Week England** but you can submit your entries any time between **Monday 13 November – Monday 27 November**. There are three prizes of **£20 Amazon vouchers** available for each of the challenges, which all have a Parisian theme since the Summer Olympic Games will be taking place in Paris in 2024. You can attempt as many of the challenges as you wish. The competition is open to pupils across all schools within OAT. **Good luck!**

For full task details visit bit.ly/wintermatholympics23

Task 1:

The Arrondissement Challenge

You must colour the map using as few colours as possible not allowing any two arrondissements with the same colour to touch. What is the least number of colours that you can use?

Scan for entry form

Task 2:

Make 1 Euro

How many ways are there to make exactly €1.
You can use as many of each denomination as you like.

Scan for entry form

Task 3:

The Eiffel Tower

The Olympics are being held in Paris.
How many Eiffel Towers would be needed to reach from Paris to the moon on the opening day of the 2024 Olympics?

Scan for entry form

To be in with a chance of winning, please submit your answers to the challenges above by visiting the link bit.ly/wintermatholympics23 or scanning the QR codes below each task. The deadline for submissions is **5pm on Monday 27 November 2023**. Winners will be announced by 5pm on Friday 1 December 2023.

We're sharing this opportunity across all 42 academies, so get your answers in as soon possible. Good luck and may your mathematical skills be fantastique!
