

ORMISTON SIX VILLAGES ACADEMY

5th September 2024

Dear Parents and Carers of Year 11 students

We are so pleased to have welcomed students back to Six Villages this week. This is a very important year and therefore I am writing to you to let you know of some of the plans to help support them through this year so that they can achieve their very best.

Period 0

Every morning year 11 students will have either a study skills session, or revision in English, Maths or Science. This is to ensure that we follow the principle of every minute matters and take every opportunity to provide structured teaching and learning throughout each part of the day.

Monday	Tuesday	Wednesday	Thursday	Friday
Admin Day Study Skills	English Intervention LSN	Science Intervention ECS	Maths Intervention MME	Assembly

Throughout the year students will also be identified and invited to attend small group intervention sessions for these subject with the heads of department providing expert intervention. This has also meant there has been, and may continue to be, changes in tutors of each class in order to provide these subject specific sessions.

Period 6

After school we will also be providing additional lessons in each of the core subjects as listed on the days below:

Tuesday	Wednesday	Thursday
English	Science	Maths

English - Open to all. Groups will be assigned upon arrival and will include drop in session
Science - Open to all. Higher and foundation revision groups
Maths - Open to all.

Each session is open to all students and we encourage all students to attend. Additional communication will go out to parents and students whose attendance to period 6 is required as part of a specific intervention program.

These sessions will commence the week beginning 9th September.

If you have any questions regarding the support of your child please contact me directly.

Kind regards,

Miss Corinne Jones
