**[OAT]**  
Ormiston Academies Trust  
AN OAT ACADEMY

16<sup>th</sup> February 2026

Dear Parents and Carers

I would like to begin this week's letter by thanking the parents and carers who came to Thursday's parent forum. Your time, openness and thoughtful discussions were much appreciated. The discussions were constructive and helpful in shaping our ongoing work at the academy. We value your partnership and the supportive dialogue that helps us continue improving the experience all of our students at Six Villages have. Thank you for your engagement and commitment.

Please find this week's notices below.

### Principal's Drop In

I am re-introducing Principal's Drop-In Sessions, which I held some years ago. These are designed to provide parents with a supportive and constructive space to talk to me about suggestions or any element you wish to discuss. Principal's Drop In will take place on Tuesday afternoons from 3pm from 24<sup>th</sup> February. Meetings are by appointment only, please book a slot with Mrs Canadas on [ccs@ormistonsixvillages.org.uk](mailto:ccs@ormistonsixvillages.org.uk).

I encourage parents to make use of the Principal's Drop-In Sessions as this will allow us to address matters more thoroughly and constructively. To support our drive for more effective communication, I would ask that email correspondence be reserved for essential or urgent matters. Engaging in direct conversation will help us work together and ensure matters are passed to the relevant staff and resolved in a timely and collaborative way.

### Year 11 mocks (23<sup>rd</sup> February – 4<sup>th</sup> March)

Please can you take a moment over the half-term break to ensure that your child has all the required equipment for their upcoming second round of mocks. They need to write with a black pen (blue is not permitted), and need a spare in case it runs out, pencils, pencil sharpener, rubber and Mathematics equipment for Maths and Science examinations in particular. This should include ruler, protractor, a pair of compasses, and a Scientific calculator (without the case). Equipment must be in a clear pencil case. Bottles of water are allowed in the exam hall; there cannot be any label or writing on the bottle.

Please see below the timetable for warm up sessions and period 6s during the mock weeks. After this point, period 6 sessions will return to non-core subjects following the same previous timetable for the remainder of the half term (3 weeks).
